New Brochure Highlights Eriez® 5-Star Service Center

Eriez® announces the availability of its new 5-Star Service Center brochure. The informative guide, which is available free from Eriez, explains that the 5-Star Service Center helps eliminate or reduce equipment downtime by ensuring that customers' magnetic, vibratory and inspection processing equipment is quickly back in operation and functioning at peak performance.

The brochure explains that [Eriez' 5-Star Service Center](#) is completely equipped to handle even the most complex systems. The fully staffed facility, located in Lake City, Pennsylvania, utilizes original OEM parts, remanufactures equipment to original specifications and offers "as new" warranties.

According to the brochure, by remanufacturing suspended magnets, drum magnets, vibratory feeders, wet drums and more, customers can save thousands of dollars versus buying new. "We are dedicated to helping our customers operate as efficiently and economically as possible," said Jim Lasko, Eriez 5-Star Repair Center Manager.

Eriez also has service technicians available for in-house repairs and routine maintenance checks. "We will come to you, even on short notice" said Dave Hansen, Eriez Customer Service Manager.

Eriez maintains years of equipment records to help expedite service. Eriez' 5-Star Service also offers customers Instruction and Operation Manuals (IOMs), parts lists and step-by-step troubleshooting procedures.

For a free copy of this brochure, contact Eriez and request brochure B-102.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez manufactures and markets these products through ten international facilities located on six continents. For more information, call toll-free (888) 999-ERIEZ (3743) within the U.S. and Canada.
